

Riga Aviation Forum 2019

Kürşad Koçak, Havaş General Manager

"At Havaş, a well-established company in ground handling services celebrating its 86th anniversary, we are glad to be transferring our experiences and know-how to our operations in Riga with the synergy we have created with TAV and ADP Group, our parent companies and the global brands in airport operation business. We continuously strengthen our operations at Riga International Airport, which has become one of the prominent airports in the Baltic region, with technology and infrastructure investments besides qualified human resources. We attach utmost significance to sustainable service quality as well as safety and on-time performance in our operation chain. As a result of this approach, we are also happy to contribute to the significant achievements of the airlines we provide service with the coalition resulting from our collaborations. airBaltic, of which Havaş provides full-fledged ground handling services at Riga Airport, was ranked by OAG as the most punctual airline in Europe and the second most punctual airline in the world recently. airBaltic has been on the top of the global on-time performance ranking for the past five consecutive years. We will maintain our efforts to contribute to the successes of Latvian civil aviation and all airlines we are in collaboration with and continue to be the preferred business partner."
